INTRODUCTION

This publication presents summations of the data collected through the survey "Fall Enrollment and Compliance Report of Institutions of Higher Education, 1976". This survey is part of the Higher Education General Information Survey (HEGIS XI) conducted by the National Center for Education Statistics.

Racial, ethnic and sex enrollment data were included by the Office for Civil Rights under authorization of Section 80.6(b) of the Regulations implementing Title VI of the Civil Rights Act of 1964 and similar provisions implementing Title IX of the Education Amendments of 1972.

Institutions receiving Federal financial assistance in the 50 states, the District of Columbia and outlying areas of the United States were surveyed for this study.

Requirements for reporting and definitions of terms are found in the Instruction Sheets for the 1972, 1974 and 1976 survey instruments (APPENDICES A, B and C). Technical notes are covered in APPENDIX D.

APPENDIX A

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE
Office for Civil Rights
Washington, D.C. 20201

INSTRUCTION SHEET
FOR
COMPLIANCE REPORT OF INSTITUTIONS OF HIGHER EDUCATION UNDER TITLE VI OF THE CIVIL RIGHTS ACT OF 1964
(FALL 1972)

IMPORTANT: READ THE FOLLOWING INSTRUCTIONS CAREFULLY BEFORE COMPLETING REPORT, AND DETACH BEFORE SUBMITTING REPORT

1. FILING INSTRUCTIONS AND EXPLANATION

Title VI of the Civil Rights Act of 1964 requires that recipients of Federal financial assistance offer their benefits and services without regard to race, color, or national origin. This report is one indicator utilized by the Office for Civil Rights in carrying out its responsibility to verify compliance with Title VI.

This report is to be filed by all institutions of higher education which receive, are applicants for, or expect to be applicants for, Federal financial assistance as defined in the DHEW Regulation implementing Title VI of the Civil Rights Act of 1964 (45 CFR 80.13). If your institution does not fall into any of these categories, please inform us of this fact.

Section 80.6(b) of this Department's Regulation, cited below, and similar provisions of the Regulations of other Federal agencies authorize the collection of this information:

> COMPLIANCE REPORTS: Each recipient shall keep such records and submit to the responsible department official or his designee timely, complete and accurate compliance reports at such times, and in such form and containing such information as the responsible department official or his designee may determine to be necessary to enable him to ascertain whether the recipient has complied or is complying with this Regulation.

Each institution of higher education is to file a separate compliance report for each institutional component as follows:

1. Every undergraduate school at the main campus and each branch campus.
2. Every graduate school at the main campus and each branch campus.
3. Every professional school at the main campus and each branch campus.

For example, a university that has a main campus and four branch campuses and operates three undergraduate schools at the main campus and an undergraduate school at each of the four branch campuses would file separate reports for seven undergraduate schools. In addition, if the main campus has three graduate schools and two professional schools and two of the branch campuses each has a graduate school and a professional school, the university would file separate reports for five graduate schools and four professional schools. The university would therefore, file a total of 16 reports.

Complete and return by December 15, 1972 the original and one copy of each report to:

Data Branch, Office for Civil Rights
U.S. Department of Health, Education, and Welfare
Washington, D.C. 20201

One copy of each report is provided for your retention in the expectation that the institution will find the information useful and will appraise its own situation with regard to minority group enrollment. All reports for individual schools at separate branches should be returned together in a single package by the parent institution.

Inquiries may be directed to the Data Branch, OCR, (202) 962-7904.

2. DEFINITION OF TERMS – PART I – REPORT IDENTIFICATION

A. Institutional Component: An undergraduate, professional or graduate school at each main or branch campus. A branch campus is part of an institution of higher education which is organized on a relatively permanent basis (i.e., has a relatively permanent administration) and offers an organized program or programs of at least two years (as opposed to courses) and is located in a community different from that in which its parent institution is located.

B. Parent Institution: The college or system of which the institutional component is a part.

(INSTRUCTIONS CONTINUED OVER)

LIBRARY U. OF I. URBANA-CHAMPAIGN

C. Institutional Control:
Public Institutions are those under federal, state, and/or local control.
Private Institutions are independent, non-profit and/or affiliated with a religious group.

D. Level of Offering: Check all levels of training applicable to the institutional component covered in this report.

E. FICE Code Number: The Federal Interagency Committee on Education six digit designation assigned to each college or university by the Office of Education, National Center for Educational Statistics. A FICE listing can be found in the higher education section of the Education Directory.

PART II – STUDENT ENROLLMENT DATA

The manner of collecting the information is left to the discretion of the institution provided the system established results in reasonably accurate data. One acceptable method is a properly controlled system of post-enrollment self-identification by students. If a self-identification method is utilized, a verification procedure to ascertain the completeness and accuracy of student submissions should also be employed where feasible. In developing forms to collect this information from students, the minority group categories can be further broken down, e.g., Puerto Rican within the Spanish-Surnamed American category and reference can be made to these minority groups in a manner considered more likely to evoke a positive response from students, e.g., "Black" instead of or in addition to "Negro".

The data collected should closely approximate official records of the number of students reported in the U.S. Office of Education's Higher Education General Information Survey (HEGIS).

COLUMNS 1 THROUGH 6

A student may be included in the minority group to which he appears to belong, is regarded in the community as belonging, or categorizes himself as belonging. For purposes of this report, we require only the reporting of the specific minority groups indicated. Spanish-Surnamed Americans include persons of Mexican, Central-American, South-American, Cuban, Puerto Rican, Latin-American or other Spanish origin. Do not include foreign students studying in the United States under a student or temporary visa in columns 1 through 4. Do include them in column 5 (all other students).

If there are no students in a category enter zero (0) for that category.

COLUMN 5 ALL OTHER STUDENTS: Enter all students not included in columns 1 through 4.

COLUMN 6 TOTAL ALL STUDENTS: Add all students entered in columns 1 through 5.

A. FULL-TIME STUDENTS

Report full-time students who are enrolled and taking credits equal to at least 75% of the normal work load. Do not include full-time equivalents.

1. UNDERGRADUATE: Report students (A) taking courses chiefly creditable toward a bachelor's degree and who have not attained such a degree, (B) in bachelor parallel or "transfer" programs whose work would be chiefly creditable toward a bachelor's degree upon transfer to an institution with a bachelor's program, (C) in vocational or technical educational programs, for which a high school diploma is a prerequisite, that are normally terminal and result in a certificate, diploma, or similar award.

   Report the students by year, i.e., the relative position in which a student is enrolled (first year-freshman, second year-sophomore, third year-junior, fourth or subsequent years-senior).

2. GRADUATE: Report students who hold a bachelor's or first-professional degree or equivalent, and are taking courses creditable toward a master's degree or higher.

3. FIRST PROFESSIONAL: Report students enrolled in a professional school or program which requires at least two or more academic years of college work for entrance and a total of at least six years for a degree. Students in programs requiring only four or five years beyond high school should be reported as undergraduates. All students enrolled in work leading to a master's or higher degree should be reported as graduate students.

B. PART-TIME STUDENTS

Report students who carry course loads less than 75% of the normal workload and who are enrolled in courses at the undergraduate, graduate, or professional levels.

Do not include in this report students in non-credit adult education courses; students taking courses at home by mail, radio, or television; students enrolled only for "short courses"; auditors, students studying abroad, or students in any branch campus or extension center in a foreign country.

INSTRUCTION SHEET FOR COMPLIANCE REPORT OF INSTITUTIONS OF HIGHER EDUCATION UNDER TITLE VI OF THE CIVIL RIGHTS ACT OF 1964 AND TITLE IX OF THE EDUCATION AMENDMENTS OF 1972 STUDENT ENROLLMENT SURVEY (FALL 1974)

IMPORTANT: READ THE FOLLOWING INSTRUCTIONS CAREFULLY BEFORE COMPLETING THIS REPORT, AND DETACH BEFORE SUBMITTING REPORT

I. Filing Instructions

Title VI of the Civil Rights Act of 1964 requires that recipients of Federal financial assistance offer their benefits and services without regard to race, color, or national origin. Title IX of the Education Amendments of 1972 requires that the benefits and services of federally assisted educational programs and activities be offered, with certain exceptions, nondiscriminatorily on the basis of sex. This report is one indicator utilized by the Office for Civil Rights in carrying out its responsibilities to verify compliance with Title VI and Title IX.

This report is to be filed by all institutions of higher education which receive, are applicants for, or expect to be applicants for Federal financial assistance as defined in the DHEW Regulation implementing Title VI (45 CFR 80.13), or as defined in any DHEW Regulation implementing Title IX. If your institution does not fall into any of these categories, please inform us of this fact.

Section 80.6(b) of the Regulation implementing Title VI, set forth below, and similar provisions of the Title VI Regulations of other Federal agencies, authorize collection of this information:

80.6 Compliance information
(b) Compliance reports•••

Each recipient shall keep such records and submit to the responsible Department official or his designee timely, complete and accurate compliance reports at such times, and in such form and containing such information, as the responsible Department official or his designee may determine to be necessary to enable him to ascertain whether the recipient has complied or is complying with this part. For example, recipients should have available for the Department racial and ethnic data showing the extent to which members of minority groups are beneficiaries of and participants in federally-assisted programs. In the case of any program under which a primary recipient extends Federal financial assistance to any other recipient, such other recipient shall also submit such compliance reports to the primary recipient as may be necessary to enable the primary recipient to carry out its obligations under this part.

Each institution of higher education is to file a separate compliance report for every major field of study offered at the main campus and for every major field of study offered at each branch campus (see Part II-F for a complete listing of major fields). For example, a university that has a main campus and four branch campuses and offers 10 major fields of study at the main campus and five major fields of study at each branch campus would file 30 separate reports.

Should you wish to submit this report in the form of a computer tape, please contact this Office at the telephone number listed and the appropriate tape format will be sent to you. If you submit the report in this manner, a hard copy print-out of the information on the tape must accompany it.

The original and one copy of each report should be completed and returned by *December 15, 1974* to:

Higher Education Division, Office for Civil Rights
U.S. Department of Health, Education, and Welfare
Washington, D.C. 20201

Attn: Technical Support Branch

One copy of the report is provided for your retention in the expectation that your institution will find the information useful and will appraise its own situation with regard to minority and female participation in its programs. All reports should be returned together in a single package by the parent institution.

Inquiries may be directed to the Technical Support Branch, Higher Education Division, Office for Civil Rights, Area Code (202) 245-1787.

II. Definition of Terms

The terms listed below are compatible with those utilized by the U.S. Office of Education in its Higher Education General Information Survey (HEGIS) and, where appropriate, they are identical.

1. *Report Identification*

A. Reporting Institution: The name and address of the reporting institution

B. Parent Institution: The name and address of the institution or system of which the reporting institution is a part as follows:

Institutional System: A complex of two or more institutions of higher education, each separately organized or independently complete, under the control or supervision of a single administrative body.
Multi-Campus Institution: An organization bearing a resemblance to an institutional system, but unequivocally designated as a single institution with either of two organizational structures: (1) an institution having two or more campuses responsible to a central administration (which central administration may or may not be located on one of the administratively equal campuses) or (2) an institution having a main campus with one or more branch campuses attached to it.
Main Campus: In those institutions comprised of a main campus and one or more branch campuses, the main campus (sometimes called the parent institution) is usually the location of the core, primary, or most comprehensive program, unless the institution-wide or central administrative office for such institutions is reported to be at a different location.
Branch Campus: A campus of an institution of higher education which is organized on a relatively permanent basis (i.e., has a relatively permanent administration), which offers an organized program or programs of work at least 2 years (as opposed to courses), and which is located in a community different from that in which the parent institution is located. To be considered in a community different from that of the parent institution, a branch shall be located beyond a reasonable commuting distance from the main campus of the parent institution.

C. FICE CODE: The Federal Interagency Committee on Education six digit designation assigned to each institution of higher education by the U.S. Office of Education, National Center for Educational Statistics. A FICE CODE listing can be found in the higher education section of the Education Directory. Do not use the all-campus or all-institutional codes listed in an appendix.

D. Type of Control: Indicate the type of controlling body to which the institutional administration is responsible.
Public (State, Local, or State-Related): Responsible to either a state or local agency which may be an appointed or elected body.
Private (Affiliated): Responsible to or directly associated with a religious group or organization.
Private (No affiliation): A private, non-profit institution not associated with a religious group or organization.

E. Levels of Offering: Check all levels of study and/or degree offerings applicable to the major field of study covered by this report:
At Least Two Years but Less Than 4 Years Work Beyond Grade 12: Any work creditable toward a bachelor's degree. In 2 year-institutions, those programs from which credits are transferrable to a bachelor's degree program.
Terminal-Occupational below Bachelor's: Programs at least one but less than four years beyond high school designed to provide students with knowledge and skills necessary for immediate employment for which credits are not ordinarily acceptable toward baccalaureate programs.
4 or 5 year Baccalaureate: A program of studies leading to the customary bachelor of arts or bachelor of science degree.
First Professional Degree: A degree which signifies the completion of the academic requirements for selected professions based on programs which require at least two years of previous college work for entrance and which require a total of at least six years of college work for completion. Examples would be dentistry, law, medicine, and veterinary medicine.
Master's Degree/Post 1st Professional: The customary first graduate degree, master's of arts or master's of science, or the next degree in the same field after the first professional degree, e.g., Master of Science in Surgery (M.S. in Surgery), Master of Law (LL.M.), and Master of Science in Dentistry (M.S.D.).

Intermediate: If your institution provides any recognition (degree or certificate) for a program intermediate between the master's degree and the doctor's degree which, in essence, is the doctor's degree without dissertation, please report the name of the degree or the certificate. Do not include 6-year specialist degrees.

Doctoral Degree: The doctoral classification includes such degrees as Doctor of Education, Doctor of Juridical Science, Doctor of Public Health, and the Ph.D. degree in any field such as Agronomy, Food Technology, Education, Engineering, Public Administration, Opthalmology, or Radiology.

F and G: Major Fields of Study and Corresponding Major Field Codes

The listing below identifies selected categories of major fields of study, and their corresponding codes. Appendix 1 provides a more detailed list of major fields (taken directly from the HEGIS Taxonomy of Instructional Programs in Higher Education) which have been aggregated into the major fields listed below.

NOTE: The first category in the list is "Undecided/Undeclared". It is expected that the majority of lower division undergraduate students will fall in this category.

0000–Undecided/Undeclared
0100–Agriculture and Natural Resources
0200–Architecture and Environmental Design
0400–Biological Sciences
0500–Business and Management
0700–Computer and Information Sciences
0800–Education
0900–Engineering
1100–Foreign Languages
1203–Nursing
1204–Dentistry
1206–Medicine
1218–Veterinary Medicine
1300–Home Economics
1400–Law
1600–Library Sciences
1700–Mathematics
1900–Physical Sciences
2000–Psychology
2104–Social Work and Helping Services
2200–Social Sciences
5000–Business and Commerce Technologies
5100–Data Processing Technologies
5200–Health Services and Paramedical Technologies
5300–Mechanical and Engineering Technologies
5400–Natural Science Technologies
5500–Public Service Related Technologies
9000–Other – (All major fields not listed above)

Summary Report

In addition to individual reports for each major field of study, a summary report which aggregates all individual reports is to be filed for each location. The summary report will aggregate the total number of students at that location by year, i.e., the relative position in which the student is enrolled (first year, second year, third year, etc.). Place the word "Summary" in Part I F (Major Field of Study Covered by this Report) and use the code number "9999" in Part I G (Major Field Code). The totals should closely approximate official records of number of students reported in the U.S. Office of Education Higher Education General Information Survey (HEGIS).

III. Student Enrollment Data

The manner of collecting the information is left to the discretion of the institution provided that the system which is established results in reasonably accurate data. One acceptable method is a properly controlled system of post-enrollment self-identification by students. If a self-identification method is utilized, a verification procedure to ascertain the completeness and accuracy of student submissions should also be employed where feasible. In order to provide reasonably accurate data, the institution may require students to complete a questionnaire and/or identify themselves by name or otherwise when providing information. The fact that the information is being gathered to comply with Title VI of the Civil Rights Act of 1964 and Title IX of the Education Amendments of 1972 may be disseminated in the manner and to the extent that the institution deems appropriate.

In developing forms to collect this information from students, the minority categories can be further broken down, e.g., Puerto Rican within the Spanish-Surnamed American category, and reference can be made to these minority students in the manner most likely to evoke a positive response from students, e.g., "Black" instead of or in addition to "Negro."

Students majoring in more than one field may be counted only once. The institution may use its discretion in classifying such students.

Columns 1 through 8:
A student may be included in the minority group to which he or she appears to belong, is regarded in the community as belonging, or categorizes himself or herself as belonging. For purposes of this report, we require only the reporting of the specific minority groups indicated. Spanish-Surnamed Americans include persons of Mexican, Central-American, South-American, Cuban, Puerto Rican, Latin-American, or other Spanish origin. Oriental/Asian Americans include persons of Chinese, Japanese, Korean, Vietnamese, Samoan, Polynesian, or other Asian origin. Do not include foreign students studying in the United States under a student or temporary visa in columns 1 through 8. Do include them in columns 9 and 10 (All other students).

If there are no students in a category enter zero (0) for that category.

Columns 9 and 10 – All Other Students: Enter all students not included in columns 1 through 8.

Columns 11 and 12 – Total Male and Total Female: Add columns 1, 3, 5, 7, and 9 to arrive at total male students. Add columns 2, 4, 6, 8, and 10 to arrive at total female students.

Column 13 – Total Students: Add all students entered in columns 11 and 12.

Full Time Students: Those students whose academic load, coursework or other required activity is at least 75% of the normal full-time load. A normal full-time load is usually determined by dividing the total number of credits required for completing the program by the number of terms normally required to obtain them.

1. *Undergraduate:* Report students (A) taking courses chiefly creditable toward a bachelor's degree and who have not attained such a degree, (B) in bachelor-parallel or "transfer" programs whose work would be chiefly creditable toward a bachelor's degree upon transfer to an institution with a bachelor's program, and/or (C) in vocational or technical educational programs, for which a high school diploma is a prerequisite, that are normally terminal and result in a certificate, diploma, or similar award.

   Report the students by year, i.e., the relative position in which a student is enrolled (first year, second year, third year, fourth and subsequent years).

   Of the total full-time undergraduate students, report those students who are first-time transfers from community or junior colleges.
2. *Unclassified students:* Not candidates for a degree or other award, although taking courses in regular classes with other students. This category includes students who cannot be classified by academic level as well as students who already have degrees but who are taking additional courses at the same degree level or lower; this also applies to students with degrees below the baccalaureate at 2-year institutions.
3. *Graduate:* Report students who hold a bachelor's or first professional degree or equivalent and are taking courses creditable toward a master's degree or higher.
4. *First Professional:* Report students enrolled in a professional school or program which requires at least two or more academic years of college work for entrance and a total of at least six years for a degree. Students in programs requiring only four or five years beyond high school should be reported as undergraduates. All students enrolled in work leading to a master's or higher degree should be reported as graduate students.

Part-Time Students: Report students who carry loads less than 75% of the normal workload and who are enrolled in courses at the undergraduate, graduate, or first professional levels.

DO NOT INCLUDE: Students in non-credit adult education courses; students taking courses at home by mail, radio, or television; students enrolled only for "short courses"; auditors; students studying abroad, including students in any branch campus or extention center in a foreign country.

DEFINITIONS

MULTI-CAMPUS INSTITUTION. An organization bearing a resemblance to an institutional system, but unequivocally designated as a single institution with either of two organizational structures: (1) an institution having two or more campuses responsible to a central administration (which central administration may or may not be located on one of the administratively equal campuses) or (2) an institution having a main campus with one or more branch campuses attached to it.

MAIN CAMPUS. In those institutions comprised of a main campus and one or more branch campuses, the main campus (sometimes called the parent institution) is usually the location of the core, primary, or most comprehensive program. Unless the institution-wide or central administrative office for such institutions is reported to be at a different location, the main campus is also the location of the central administrative office.

BRANCH CAMPUS. A campus of an institution of higher education which is organized on a relatively permanent basis (i.e., has a relatively permanent administration), which offers an organized program or programs of work of at least 2 years (as opposed to courses), and which is located in a community different from that in which its parent institution is located. To be considered in a community different from that of the parent institution, a branch shall be located beyond a reasonable commuting distance from the main campus of the parent institution.

INSTITUTIONAL SYSTEM. A complex of two or more institutions of higher education, each separately organized or independently complete, under the control or supervision of a single administrative body.

VOLUNTARY VERSUS REQUIRED REPORTING

This survey constitutes an integral part of the comprehensive system of statistics on higher education collected by the National Center for Education Statistics *(NCES)* as part of the Higher Education General Information Survey *(HEGIS)*.

In recent years, for the purpose of enforcing compliance with Federal regulations implementing civil rights laws applicable to institutions of higher education, the Office for Civil Rights *(OCR)* has been collecting similar enrollment data on a mandatory basis.

In order to lighten the burden on reporting institutions by eliminating the considerable duplication of effort in reporting enrollment data to two separate agencies, the two surveys have been combined into this single questionnaire and integrated into the HEGIS program for 1976.

Completion of this questionnaire is mandatory for all institutions of higher education which receive, are applicants for, or expect to be applicants for Federal financial assistance as defined in the Department of Health, Education and Welfare *(HEW)* regulation implementing Title VI *(45 CFR 80.13)*, or as defined in any HEW regulation implementing Title IX. *(See also the Instructions for completing this questionnaire.)*

Those institutions to which the regulations **do not apply** are not required to complete this questionnaire. However, it is hoped that institutions not subject to these provisions will voluntarily complete the entire survey–or at least the Summary page–in order that the data may represent the entire universe of higher education. **As a minimum** NCES requests that institutions complete columns 13 through 16 on the Summary page in order to enable NCES to continue to provide basic enrollment data serving the needs and interests of the higher education community.

INSTRUCTIONS AND DEFINITIONS

NOTE. The card that forms the back cover of this report is for the convenience of respondents in providing preliminary data for a pre-publication release. The bottom half of the card is a self-mailer that can be detached without loosening the pages of the report.

GENERAL INSTRUCTIONS

Proofread the completed report before returning it to the National Center for Education Statistics.

This report should include only college-level students taking work creditable toward a bachelor's or higher degree or some other formal recognition below the baccalaureate.

If exact counts are lacking for a particular category of students that should be reported, include an estimate for that group.

Do NOT fill out separate forms for extension centers. Only campuses with their own FICE code numbers should be reported on separate questionnaires. Extension students should be reported on the form for the main campus.

Do NOT include in this report:

(a) Students in noncredit adult education courses.

(b) Students taking courses at home by mail, radio, or television.

(c) Students enrolled only for "short courses."

(d) Auditors.

(e) Students studying abroad if their enrollment at the reporting institution is only an administrative record and the fee is only nominal.

(f) Students in any branch campus or extension center in a foreign country.

(g) High school students taking college courses.

(h) Students known to be enrolled concurrently at another college or university, if the latter will report their enrollment *(to avoid double-counting)*. Normally, the institution that will eventually grant the degree should report the student's enrollment.

NOTE. No matter what the calendar system, report on this questionnaire only those students enrolled and only those credit-hours being earned during the FALL TERM.

If you need CLARIFICATION of any item on the questionnaire that pertains to fall enrollment, please call the Survey Director, Mr. George H. Wade, NCES, (202) 245-8392, in Washington, D.C. 20202. Any questions concerning the racial/ethnic categories or major fields of study should be directed to Mrs. Rose Brock, Office for Civil Rights, (202) 245-1788, in Washington, D.C. 20201.

MAJOR FIELDS OF STUDY AND CORRESPONDING MAJOR FIELD CODES.

The listing below identifies selected categories of major fields of study, and their corresponding codes. These were taken directly from the **HEGIS Taxonomy of Instructional Programs in Higher Education** and aggregated into the fields listed. The field name and corresponding code number have been preprinted in the upper left-hand corner of each page. If your institution has no students enrolled in any of the designated fields, check the box as indicated.

0100 – Agriculture and Natural Resources
0200 – Architecture and Environmental Design
0400 – Biological Sciences
0500 – Business and Management
0900 – Engineering
1204 – Dentistry
1206 – Medicine
1218 – Veterinary Medicine
1400 – Law
1900 – Physical Sciences
9000 – All other *(fields not included above and undecided/undeclared)*
9999 – Summary *(total enrollment)*. In addition to separate reports for each of the major fields or sub-fields listed above, complete the Summary report which aggregates the enrollment data on the individual field reports.

Columns 15 and 16 will be completed ONLY for the Summary report. Individual reports will NOT show data in columns 15 and 16.

FILING INSTRUCTIONS – COMPLIANCE REQUIREMENTS.

Title VI of the Civil Rights Act of 1964 requires that recipients of Federal financial assistance offer their benefits and services without regard to race, color, or national origin. Title IX of the Education Amendments of 1972 requires that the benefits and services of federally assisted educational programs and activities be offered, with certain exceptions, nondiscriminatorily on the basis of sex. This report is one indicator utilized by the Office for Civil Rights in carrying out its responsibilities to verify compliance with TitleVI and Title IX. Also applicable are Section 799-A, Part H, Title VII and Section 845, Part C, Title VIII of the Public Health Service Act of 1972.

This report is to be filed by all institutions of higher education which receive, are applicants for, or expect to be applicants for Federal financial assistance as defined in the Department of Health, Education, and Welfare Regulation implementing Title VI *(45 CFR 80.13)*, or as defined in any Department of Health, Education, and Welfare Regulation implementing Title IX. If your institution does not fall into any of these categories, please inform us of this fact.

Section 80.6(b) of the Regulation implementing Title VI, set forth below, and similar provisions of the Title VI Regulations of other Federal agencies, authorize collection of this information:

80.6 Compliance information
(b) Compliance reports***

Each recipient shall keep such records and submit to the responsible Department official or his designee timely, complete and accurate compliance reports at such times, and in such form and containing such information, as the responsible Department official or his designee may determine to be necessary to enable him to ascertain whether the recipient has complied or is complying with this part. For example, recipients should have available for the Department racial and ethnic data showing the extent to which members of minority groups are beneficiaries of and participants in federally-assisted programs. In the case of any program under which a primary recipient extends Federal financial assistance to any other recipient, such other recipient shall also submit such compliance reports to the primary recipient as may be necessary to enable the primary recipient to carry out its obligations under this part.

Each institution of higher education, as well as each separately certified branch campus *(with its own FICE code number)* that is subject to the HEW civil rights regulations cited above is required to complete a separate compliance report for certain selected major fields *(listed below)* as indicated in the upper left-hand corner of each page.

RACIAL/ETHNIC CATEGORIES.

The following five racial/ethnic categories are utilized in the survey:

Black Non-Hispanic
American Indian or Alaskan Native
Asian or Pacific Islander
Hispanic
White Non-Hispanic

In addition, non-resident aliens, i.e., those members of the aforementioned groups who have not been admitted to the United States for permanent residence, should be separately identified as a sixth category; the non-resident aliens are not separately requested by racial/ethnic group, but only in totals.

The definitions for these categories are:

Non-resident alien. A person who is not a citizen of the United States and who is in this country on a temporary basis and does not

have the right to remain indefinitely. Resident aliens, non-citizens who have been lawfully admitted for permanent residence *(and who hold a "green card," Form I-151)*, are to be reported in the appropriate racial/ethnic categories along with United States citizens. Non-resident aliens are to be reported separately, in the columns provided, rather than in any of the five racial/ethnic categories which follow.

Black, non-Hispanic. A person having origins in any of the black racial groups *(except those of Hispanic origin)*.

American Indian or Alaskan Native. A person having origins in any of the original peoples of North America.

Asian or Pacific Islander. A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Pacific Islands. This area includes, for example, China, Japan, Korea, the Philippine Islands, and Samoa.

Hispanic. A person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race.

White, non-Hispanic. A person having origins in any of the original peoples of Europe, North Africa, the Middle East or the Indian subcontinent *(except those of Hispanic origin)*.

Racial/ethnic designations as used in this survey do not denote scientific definitions of anthropological origins. For the purpose of this report, a student may be included in the group to which he or she appears to belong, identifies with, or is regarded in the community as belonging. However, no person may be counted in more than one racial/ethnic group.

The manner of collecting the racial/ethnic information is left to the discretion of the institution provided that the system which is established results in reasonably accurate data. One acceptable method is a properly controlled system of post-enrollment self-identification by students. If a self-identification method is utilized, a verification procedure to ascertain the completeness and accuracy of student submissions should also be employed where feasible. In order to provide reasonably accurate data, the institution may require students to complete a questionnaire and/or identify themselves by name or otherwise when providing information. The fact that the information is being gathered to comply with Title VI of the Civil Rights Act of 1964 and Title IX of the Education Amendments of 1972 may be disseminated in the manner and to the extent that the administration deems appropriate.

DEFINITIONS

UNDERGRADUATES. Students enrolled in a 4- or 5-year bachelor's degree program, in an associate degree program, or in a vocational or technical program that is normally terminal and results in formal recognition below the baccalaureate.

CLASS LEVEL. Whether first-year, second-year, etc., should be determined in a logical, consistent, and identifiable way. Usually, a student's class level would be based on the proportion of total requirements he has obtained toward the completion of the degree program in which he is enrolled, according to the number of years normally required to obtain them.

FIRST-TIME FRESHMEN. Entering freshmen who have not previously attended ANY college. Include **students enrolled in the fall term** who attended college for the first time in the summer of 1976. Also include students who entered with advanced standing *(college credits earned before graduation from high school)* at the **freshman** level.

OTHER FIRST-YEAR. First-year students who entered the institution before the summer of 1976.

UNCLASSIFIED STUDENTS. Not candidates for a degree or other formal award, although taking courses in regular classes with other students.

UNDERGRADUATE LEVEL. Includes but is not limited to undergraduates who cannot be classified by class standing; for example, new transfer students. Also included are students who already have bachelor's degrees or awards below the baccalaureate but are taking courses at the same level or lower. Included also are "special students" and teachers taking additional undergraduate courses for certification.

POSTBACCALAUREATE LEVEL. Includes but is not limited to "special" and other students taking first-professional or graduate courses but who are not working toward a degree.

FIRST-PROFESSIONAL STUDENTS. Students enrolled in a professional school or program which required at least 2 academic years of college work for entrance and a total of at least 6 years for a degree. Report only students in those first-professional degree programs in the field of medicine, law, and theology specified in Part A of OE Form 2300-2.1, Degrees and Other Formal Awards Conferred. Students in programs requiring only 4 or 5 years beyond high school should be reported as undergraduates.

GRADUATE STUDENTS. Students who hold the bachelor's or first-professional degree, or equivalent, and are working toward a master's or doctor's degree.

FIRST-YEAR. Graduate students who have completed less than one full year of required graduate study.

BEYOND THE FIRST YEAR. All graduate students who have completed at least one full year of graduate study toward a master's or doctor's degree.

FULL-TIME STUDENTS. Those whose academic load-coursework or other required activity is at least 75% of the normal full-time load.

NORMAL FULL-TIME LOAD. Usually determined by dividing the total number of credits required for completing the program by the number of terms normally required to obtain them.

FULL-TIME-EQUIVALENT (FTE) ENROLLMENT OF PART-TIME STUDENTS. Convert part-time students *(lines 15-28)* into full-time equivalents by one of the following:

(1) Use a method already employed in your institution to compute FTE's for some other purpose.

(2) Sum the credit hours for part-time students and divide by the **normal full-time credit-hour load.** Note: Divide by the **normal, or average,** full-time load, not by the **minimum** full-time load. For most institutions, this will be 15 credit-hours (not 12).

(3) Assign a fractional value of full-time to each part-time student, appropriate to your institution, such as 1/4, 1/3, or 1/2. Remember that a student taking 3/4 *(75%)* or more of a normal full-time load should be classified as a full-time student.

NORMAL FULL-TIME CREDIT-HOUR LOAD (column 15). Usually determined by dividing the total number of credits *(lines 1-13)* required for completing the program by the number of terms normally required to obtain them. Do not confuse this with the **minimum** number of credit-hours required for a student to be classified full-time *(75% of a normal full-time load)*.

TOTAL CREDITS ENROLLED FOR (column 16). For each line on the form, the total number of credit-hours accounted for by the total *(headcount)* number of students reported in columns 13 and 14. This count should be determined by the level of the student NOT by the level of the course he is taking.

LIBRARY U. OF I. URBANA-CHAMPAIGN

Each fall since 1972, the National Center for Education Statistics has issued early estimates of enrollment in higher education consisting of tabulations of selected items of data for all institutions in the fall enrollment survey. These estimates have been extremely useful for planners within the institutions, State legislatures, Congress, and other interested persons in the higher education community. We ask that you submit the same information again for fall 1976, using this card to transmit the data to the National Center for Education Statistics.

Please complete every item on this card. Refer to the INSTRUCTIONS for definitions and other needed information. Provide final data when possible. Otherwise, if you find it necessary to make estimates, please make a notation to that effect on the card.

When completed, detach the self-addressed, postage-paid half of the card and mail it. Retain the other half for your files.
